Expires:
September 30, 2015

Place: Your computer workstation.

Purpose: This course provides an overview of PTSD. It outlines the history of the diagnosis and the current DSM-IV-TR diagnostic criteria, which includes a detailed description of each symptom cluster. Prevalence rates, course, comorbidity, and risk factors for both civilian and veteran populations are reported from the National Comorbidity Study and other recent investigations.

Outcome Objectives: After viewing the presentation, the participant will be able to:

1. Describe the diagnostic criteria for PTSD
2. Describe the prevalence, consequences, and longitudinal course of PTSD in civilian and veteran populations
3. Report the risk factors for PTSD

Target Audience: The target audience includes mental health leaders/clinicians, Operation Enduring Freedom/Operation Iraqi Freedom (OEF/OIF) outreach coordinators and clinical managers, psychiatrists, psychologists, social workers, nurses, primary care clinicians, and others involved in the provision of services, outreach/communication, or program planning for veteran populations (such as OEF/OIF), and others who have suffered traumatic stress.

Disclosure(s)

The VA Employee Education System (EES) must insure balance, independence, objectivity, and scientific rigor in all its individually sponsored or jointly EES sponsored educational activities. All prospective faculty & planning committee members participating in an EES activity must disclose any relevant financial interest or other relationship with: (a) the manufacturer(s) of any commercial product(s) and/or provider(s) of commercial services discussed in an educational presentation, and (b) any commercial supporters of the activity. Relevant financial interest or other relationship includes but is not limited to such things as personal receipt of grants or research support, employee or consultant status, stock holder, member of speakers bureau, within the prior 12 months. EES is responsible for collecting such information from prospective planners and faculty, evaluating the disclosed information to determine if a conflict of interest is present and, if a conflict of interest is present, to resolve such conflict. Information regarding such disclosures and the resolution of the conflicts for planners and faculty shall be provided to activity participants. When an unlabeled use of a commercial product or an investigational use not yet approved by the FDA for any purpose is discussed during an educational activity, EES shall require the speaker to disclose that the product is not labeled for the use under discussion or that the product is still investigational.

Each faculty and planning committee member reported having no relevant * financial relationships with any commercial interest. This activity includes no discussion of uses of FDA regulated drugs or medical devices which are experimental or off-label.

*The ACCME defines “relevant financial relationships” as financial relationships in any amount occurring within the past 12 months that creates a conflict of interest.
